USDA is partnering with farmers, ranchers, specialty crop producers, food processors and distributors, and non-profit organizations to ensure that all Americans have access to the fresh and wholesome food they need during the COVID-19 national emergency.

Farmers

sell food previously destined for restaurants and bulk purchasers to distributors, preventing waste

Distributors

partner with USDA to package family-sized boxes with fresh produce, dairy and meat products, then transport them to non-profits across America

Families

pick up food boxes from local schools, food banks, faith-based organizations and other non-profits
